## **Editorial by the Mayor, Jean-Jacques Aulombard.**

On behalf of the Municipal Council, I present to you, in my capacity as Mayor of Chalabre, the best wishes of our entire team for 2022, health, happiness, prosperity, and much success in all your undertakings.

The past year was again marked by the Covid 19 crisis, and we hope to see a better quality of life in 2022 with the end of this epidemic.

This year 2021 was also painful with the death of Fabrice Canal, head of the technical team, appreciated by the elected representatives and the staff. We would like to pay tribute to him and thank him for his commitment to the population.

)

## **Our main ongoing projects**

The year 2021 was devoted to the study of several important dossiers:

### **The lake**

Following the overflow of the Chalabre lake dam in January 2020, and the risks incurred downstream by the population, the municipality commissioned a study on the future of the lake by the ARTELLA consultancy. The results were presented at a public meeting on 15 September 2021.

Two scenarios were proposed: either the maintenance of the lake, or the removal of the structure and the restoration of the natural course of the Chalabreuil. In view of a comparative analysis, in particular for the three criteria: safety of people, accessible financing and investment and operating maintenance costs.

On Tuesday 30 November 2021, the municipal council unanimously followed the advice of this consultancy, namely the removal of the dam, the restoration of the course of the Chalabreuil and its landscaping, knowing that this operation will benefit from significant financial aid. The year 2022 will be devoted to the necessary additional studies, the preparation of the regulatory files and the preparation of the financing for the work.

### **Renovation of the Cours du Aguesseau**

The renovation of the new pharmacy on the Cours d'Aguesseau began in December 2021, and the work will be completed by the end of the first half of 2022. With our design office, we have decided to postpone the work on the Cours d'Aguesseau until September 2022, due to the impossibility of carrying out these two projects simultaneously.

### **Health**

Dr. DRAGOMIR has bought the building located at 11 Cours Colbert, to settle there, and this is excellent news.

In a national context of medical desertification, the presence in Chalabre of two full-time doctors and one part-time doctor for the moment, two private nurses' surgeries, two physiotherapy surgeries, a speech therapist, and the fire station for emergencies, provides satisfactory and reassuring health coverage for the population.

### **Gendarmerie**

The official notification of the subsidies for the construction of the new gendarmerie was sent to us at the end of November 2021. The year 2022 will be devoted to putting together the file. The technical agency of the Department will assist us as delegated project manager. Initially, a competition will be launched to select an architect's office. Then a call for tenders will be issued to validate the selected companies. Work will probably begin in the second half of 2023.

## Some WORKS carried out in 2021

A completely new roof for the library

After the bad weather, rehabilitation of the Bourdil road

Renovation of the Tennis Club House

Doctor's Office  
Reception office into

Installation of an anti-pigeon net under the hall

Facelift for the Club House and Football locker rooms

A new car park next to the library

## Water

- Following the floods in January 2020, the Chalabreil riverbank at the level of the cooperative was damaged. This was restored in early autumn.

On the La Piche site, Réseau 11 has built a pumping station to supply drinking water to the commune of Montjardin. This water is sold to them by the commune of Chalabre when necessary.

Réseau 11 is a drinking water syndicate resulting from the merger of the syndicates of the 3 Valleys, the Montagne Noire and the Limouxin. This follows the law of NOTRE, which gave the competence "of the management of the drinking water resource" to the inter-municipalities, unless you are a member of a syndicate, hence our membership of the 3 Valleys.

## URBANISME

**2021 shown in a few figures**, the town planning department. of the municipality has processed to date : - 85 town planning certificates - 22 preliminary declarations - 1 building permit. In addition, 4 endangerment orders have been issued in order to make public spaces safer. Since this year, the CCPA has been responsible for the "Policing of buildings in danger of collapse".Secteur patrimonial remarquable (SPR)

The national commission for architecture and heritage, meeting on 28 October last, validated the new protection perimeter of Chalabre as well as the principle of drawing up a PVAP (Programme for the Valorisation of Architecture and Heritage). It is now necessary to determine the zoning of this new perimeter as well as the regulations de ce zonage. à terme, on aboutira à la suppression du périmètre de 500 mètres qui sera remplacé par un Périmètre Délimité des Abords (PDA).

### **Small Cities of Tomorrow Programme**

This programme, set up by the State for a period of 6 years, supports projects in the region. In the Aude, the communes of Chalabre, Espérasa and Quillan have been selected. This programme reinforces the financial and human resources available to the municipalities. In particular, it allows for: the improvement of housing, support for shops and services, the enhancement of heritage, the involvement of inhabitants in the projects carried out by the territory and many other useful actions for the development of our commune.

## *Cultural associations*

### **CHALABRE EN SÉRÉNADE**

Despite the constraints imposed by covid, we wanted the 2021 festival to exist because a 50-minute film broadcast by FR3 around this festival dedicated to love songs, had to be realized by valuing our region. A 2021 festival with quality musicians from diverse backgrounds, jazz, soul, lyrical ....., To name a few: Cheick Tidiane jazzman virtuoso piano, Ulrich Van Cotten soprano, Davy Kilembe Charles Cros prize in 2020, Vaslo who has just received the Georges Moustaki prize, Alex Auge saxophonist, and the inevitable Gary Dourdan, isn't it ladies....

*Next Chalabre festival in Serenade from 3 to 6 August 2022*

### **Musique en Kercorb**

Anniversary concert of the ten years of Music in Kercorb The church of Saint Pierre de Chalabre was full Sunday, August 15 on the occasion of the celebration of 10 years of Music in Kercorb.

The splendid baroque altar décor and the accompanying statues formed an ideal backdrop for exalting the music of the "Red Priest" of Venice, Vivaldi, in particular the Four Seasons, superbly interpreted by the Occitania Chamber Orchestra of Toulouse with its eleven strings, with Stéphane Rougier, first violinist of the Bordeaux Aquitaine National Orchestra, as soloist and under his direction. In the first part, Bernard Soustrot, Artistic Director of Occitania, and himself a trumpeter, had magnificently conducted three concerti, two of which were for trumpet and strings, by Torelli and Vivaldi. The numerous and enthusiastic audience showed its support for living music in these difficult times, and its attachment to Musique en Kercorb.

## ENSEMBLE pour le CALVAIRE

The ecumenical day of September 3, 2021, organized by the association Together for Calvary: A FIRST! It will remain in the annals of the association because it was an innovation and a bet won. It was experienced as a day of exchanges and sharing very enriching from the point of view of all the participants (3 ecclesiastical communities in Aude and all audiences).

The subject "Us and our churches", which mainly concerns the architecture of the various places of worship, was chosen to encourage the fluidity of exchanges outside any religious divide. The possibility of a follow-up was raised. To be continued, then!

## Chorale ESALABRA

After a forced silence of 18 months, the ESALABRA choir resumed its activities on September 30, 2021. Twenty-four singers with their health pass had the relief and pleasure of meeting and being able to sing under the direction of their remarkable choir director Mr. Jean BRUNET.

The choir always responds favorably to those who wish its assistance. The best welcome will be reserved for those who want to sing. Just contact GARCIA Edouard 04 68 69 31 33 or LEROY Maryse 04 68 69 25 52

## UPEK

The association "Université Populaire en Kercorb" (or UPEK) offers every month a conference on a subject ranging from local history (or not) to a subject of society, environment, sciences, arts, etc. It has existed since 2018, which leads to the number of conferences passed to forty!

All conferences take place in the communal halls of Kercorb or nearby Ariège; for Chablare, on average three times a year. They are open to all public, the contribution is free and it is free for members (membership price 10 € / year). A debate always takes place after the conference where it is possible to ask questions. Speakers are volunteers, except for their travel expenses. News: <http://upek.over-blog.com>

## DIABASIS

Next year will take place the third edition of the Festival théâtre enfance-jeunesse "De la fugue dans les idées" organized by the Diabasis association from 7 to 11 June 2022.

The idea of this festival is to offer the opportunity to the troupes of children and teenagers to live an artistic adventure over several days, to perform in professional conditions and to play in front of other children and teenagers and all audiences. This year the college of Chalabre and its ALAE were invited. This festival is also there to give creative tools and reflection to get to know each other better and understand the daily environment. We play, we dance, we paint ... It is a place of meetings and exchanges to develop harmonious, sincere and respectful relationships. The festival also forges links between local cultural artists. In April 2022, our illustrious adult troupe of Chalabre "Les Cousins" will release its new show "ça va?", a creation based on texts by Jean Claude Grumberg.

## MIROLIOM

It was during two afternoons, one in July and one in August, that chess lovers met under the Chalabre hall.

A beautiful intergenerational meeting to renew. Creation of a club in early 2022. Contact: Jimmy Lauze – [jimlauze@gmail.fr](mailto:jimlauze@gmail.fr)

## CHILDHOOD - YOUTH

Following a collaboration with Régine Dumas (in charge of early childhood coordination at the community of communes of the Pyrénées Audoises) and elected officials for children and youth, three "parents' coffee" sessions took place in September in front of the premises of the "Vanilla and Chocolate" crèche. The parents who participated were delighted by this initiative. A planting site for young people was proposed to 12/17 year olds on Wednesday 1 December.

The "children and youth" working group wishes to organise other such workshops in 2022, as well as themed workshops: digital, new technologies, chess games, etc. A press release indicating the nature, place and day of the activities will be published on the Chalabre town hall's Facebook, the town hall's website and the Independent's blog. For all information do not hesitate to contact the town hall.

### Espaces Collaboratifs du Kercorb

For the holidays of December 2021, Franck Jubin offered 2 workshops for young people:

- Introduction to drone piloting
- 3D Printing

The diocese of Pamiers made a stop at the municipal campsite during their cycling tour on the Voie Verte. The children and their supervisors would like to thank the town hall for the warm welcome they received.

Monsieur le maire,  
Nous voulons chaleureusement vous remercier pour votre accueil dans votre ville cet été. Merci d'avoir mis à notre disposition une partie du camping municipal pour nos tentes et les vestiaires du stade pour les closets.  
Grâce à vous, 60 collégiens, 60 lycéens, 60 étudiants et 30 à 40 bénévoles ont pu vivre un camp extraordinaire.  
Les jeunes et toute l'équipe du péle VTT 09 vous présentent toute leur gratitude.

## Municipal Working Group ANIMATIONS

On Saturday 16 October, the animation working group invited the inhabitants to decorate the village in anticipation of the end of year celebrations.

A group of about fifteen people from Chalabre and the surrounding area was formed. They met every Monday in November in the Salle de l'Abattoir: a very pleasant time of meeting and sharing. These meetings gave rise to the creation of many decorations in natural materials. At the end of November, people decorated the village centre.

In addition, a small group went to the leisure centre every Wednesday in November. They accompanied the children in making Christmas decorations, and they hung these decorations on the trees in front of the school and in various places in the village. An aperitif and a snack were offered by the municipality to all the participants of this beautiful adventure. The working group informs you that this initiative will be repeated next year. We will inform you in due course.

---

## CCAS

The members of the Centre Communal d'Action Sociale have, as last year, favoured the distribution of Christmas parcels for the elderly rather than a meal in a closed room.

The children from the leisure centre and the nursery school took part in decorating the parcels with 100% local products.

**Permanence CCAS en mairie : tous les mardis de 10h à 12h.**

## DEVELOPMENT: Sustainable and Tourism

### ÉCOTOURISME

Participation of the town hall of Chalabre in the 21st Green Station Congress. After the debates and the presentation of the moral and financial report of October 6, 2021, the forum of October 7 sets the next objectives: To mobilize in favor of Biodiversity, to raise children's awareness of the environment, to be part of a Clean Gestures approach, to focus on the reception of families, in particular through the "Famille Plus" label.

### Relay Tourist Information Station of Chalabre

In 2021, more than 200 people attended the Relais Information Touristique de la Gare. The literature focuses on outdoor activities. The department of Aude is involved in the development around the station: panels, benches, refills for electrically assisted bicycles, pneumatic inflation kit .... \* 15,000 bicycle passages have been counted on the Voie Verte (source of the department of Aude).

Permanent exhibitions: - History of the old railway: 9 panels made by the association "Traverse 119", whose head office is at the station.

- Photos of Chalabre's past (from the collection of the association "Il était une fois Chalabre".)

In 2022, temporary exhibitions will be offered

Solène Callarec, project manager of Atout Fruit, on the cover of the magazine "ID. METIERS", published by the Occitanie region.

On July 7, 8 and 9, students from Louis Pergaud Primary School played the extensions with the "learning school". Among other speakers. Atout Fruit took these children to awaken their curiosity for nature during a walk along the Chalabreil and the Voie Verte. Sense of observation, smell and touch have been solicited to find fruit trees from leaves, branches or fruits. Semis workshops, land-art, fruit stories and some curiosities also animated these afternoons, such as the whistle in locust-false-acacia leaf!

## Associations based at la gare de Chalabre

"In May, plant festival!", a 1st successful edition for this Chalabraise festival organized by Atout Fruit, with the support of the Traverse 119 association and the town hall of Chalabre! On Sunday, May 9, 2021, producers, artisans and associations put the plant in the spotlight in the beautiful setting of the old chalabre train station, in the heart of the Voie Verte. Varied stands allowed the many visitors to stock up on local plants and products, a real breath of fresh air after these periods of confinement... Note now the date of Sunday, May 8, 2022 for the second edition, where we hope to take off the party with workshops, conferences and garden visits, so that it becomes the unmissable spring event of chalabrais! Interested in this initiative? Volunteers, we need you! Do not hesitate to contact the association Atout Fruit, and, even better, participate in the forum of the General Assembly of the association that will take place on Saturday **29 janvier 2022**

In a few figures: since 2017, 450 trees and shrubs have been planted on the Conservatoire Fruitier de la Voie Verte. By the end of this season, Atout Fruit will have sold 900 fruit trees to individuals.

*Find the association: newsletters, news, internships, training and outings on [www.atoutfruit.fr](http://www.atoutfruit.fr)*

On Wednesday, December 1st, in the rain, volunteers from the Atout Fruit association began a series of plantings on a plot of land along the Voie Verte. This operation, in partnership with the town hall of Chalabre, aims to offer residents and other users of the Greenway, an attractive entrance to the village. Signage will also be implemented. Cette parcelle est mise à disposition à titre gratuit par monsieur François Chassaing, propriétaire du terrain.

### **Association TRAVERSE 119**

We remind you that the municipality of Chalabre is our oldest partner. Our association will celebrate its 10th anniversary in 2022, and aims to contribute to the tourist economy of our territory. In 2021, we were able to concretize our exhibition on the history of the Greenway, 9 panels are now presented in the station, made by our volunteers from sometimes exceptional archival documents.

#### **Our projects for 2022 :**

- We are going to continue and strengthen our partnerships (Fédération de Randonnée Pédestre, Association Atout Fruit, Ligue contre le Cancer, Pays d'Art et d'Histoire, Communautés de Communes, Départements de l'Aude et de l'Ariège) by trying to reinforce our links with Ariège. We hope to continue the success of the Rondes de la Voie Verte which is a great showcase for our area.
- A new partnership will be established with the UPEK (Université Populaire en Kercorb) on the occasion of a travelling conference which will allow us to highlight our exhibition.
- This year we will be particularly involved with the Communauté de Communes des Pyrénées Audoises, which is organising the Tour des Villages near Chalabre.
- Finally, we are going to start supporting tourist accommodation providers by setting up themed days such as botanical, oenological and heritage outings.

Our objective is to be able to set up a few themed weekends to enable accommodation providers to broaden the range of activities they can offer their customers, especially in the spring and autumn periods.

## SPORTS

### LES FOULÉES DU KERCORB

This association brings together runners (nature race and trail) and walkers, hikers in a spirit of good humor and conviviality. Our runners meet regularly for training and races in the region. They are often accompanied by hikers who are offered hiking trails on these same races. On the program for 2022: - The Ronde du Kercorb which will take place on Sunday, October 2, 2022 with 2 trail courses (14km-22km) and a hike. - A spring hike in a neighboring town in Chalabre, Puivert, Rivel ..., to discover our training corners and the beautiful natural setting that we invite you to discover. The date remains to be determined.

### UNION BOULISTE DU KERCORB

The year 2021 was very rich and lively. We rewarded and celebrated with our 40 licensees these beautiful events full of emotions. The first was to honor our triplet Champion of France Corporate 1981 "40 years" composed of CARBONNEAU Emilien - CLERGUE Bernard - GONZALES Jean-Charles. The second is the title of Champion of the Aude of veteran clubs 2nd division 2021. We live beautiful human adventures, sports and engrave our passage in the history of our club in CHALABRE. Do not hesitate to join us to share more beautiful moments with us, to perpetuate the values and traditions, while health allows us. We wish you all health, happiness and success. GO GREENS and BLUE, LONG LIVE THE Union Bouliste Chalabrois in KERCORB

## MOVE AND PUT ON YOUR SNEAKERS

In joy, effort, ... and good humor!

Come and meet us

on Monday and Thursday from 7:00 pm to 8 pm for adults: cardio and sheathing sessions

on Monday and Thursday for children and teenagers: dance (body expression)

A dance show is scheduled for Friday 03 June 2022. We count on your presence to come and encourage our little star seeds.

## RUGBY XV

### Objective for the season:

Obtaining a 4th place in the ranking would allow us to ensure a play-off match at home which could open the doors to the final phases of the 2nd series of Occitanie

### Composition of the Bureau 2021– 2022

**Presidents:** ASTOURY Jean-Claude and ROSSI Didier Co-Presidents: SERVANT Jean-Paul and FERRIER Stéphane

**Treasurers:** ROSSI Carine and DEFERNEZ Dorine Secretariat: DAN-JOU – CUETO Sébastien and CNOCQUART Nicolas

**Sportif Coach (forwards):** MAUGARD Jérôme Coach (backs): RUFFAT Patrice

## FOOTBALL

You like football, you want to join a senior team of football club chalabre who plays in D1, for the moment 4th in the championship (ph). You like sharing, conviviality and combativeness, then you've come to the right place! For you, the little footballers, if next year we are numerous enough, we will be able to recreate the football school. So, all to your phones or emails!!! Marie-Ève Dumons – President of the FCC

## TENNIS

The Tennis Club du Chalabrais has, for the 2022 season, 61 licensees (30 adults and 31 children). We also have a tennis school with 28 children and 17 adults, these courses are provided by our salaried instructor Fabien Marvielle. The TCC is chaired by Roxane Marty and Manon Gimenez Vice-President. Both supported by Laurie Puerto and Helene Manenq (secretaries) and Laetitia Guillemat (Treasurer).

A dynamic team that wishes to keep the club alive and sustainable. After two difficult years, having to apply the various sanitary measures, the Club was able to organize events: resumption of the courses at the end of the year, the week of doubles, an internal tournament which made it possible to relaunch the dynamics of the Club in a "bon enfant" and convivial spirit. It is with ambition that we plan for 2022 various activities: a bingo for March 5th and our traditional Open Tournament from 25/05 to 11/06/22. Finally, we would like to thank our members, our sponsors and the Town Hall of Chalabre who contribute to keep the club alive in spite of the current situation. If you are looking for a club to play tennis, to spend convivial moments or simply to join our office, the TCC is open to you.
